Pro Tempore Kevin de Leon
Speaker Anthony Rendon
Chair Cristina Garcia
Chair Eduardo Garcia
California State Capitol
VIA Hand Delivery

Pro Tempore de Leon, Speaker Rendon, Chair C. Garcia and Chair E. Garcia,

Bloom Energy (Bloom) supports AB 398 (E. Garcia) and AB 617 (C. Garcia), bills that when taken together provide a comprehensive approach to addressing both climate change and air quality.

The bills send a clear market signal that the State will achieve reductions of greenhouse gases and criteria air pollutants. In providing policy certainty and a timeline, business and the market will be able to innovate and drive toward solutions.

As an in-state manufacturer of clean energy technologies that reduce greenhouse gases and have near-zero criteria air pollutants we stand ready to support the implementation of these bills by providing a solution.

California has been the leader in addressing the environmental challenges of our times. With AB 398 and AB 617, we will ensure that California continues to be not only the thought leader, but the State that drives the invention and deployment of the innovative technologies that are the solution in California and around the world.

Thank you,

A handwritten signature in black ink, appearing to read "Erin E. Grizard".

Erin E. Grizard
Sr. Director, Regulatory and Government Affairs
